ARE YOU A RESEARCHER LOOKING FOR GENETIC AND CLINIC DATA? DO YOU NEED ASSISTANCE IN DATA ANALYSIS?

THE PRECISION HEALTH ANALYTICS PLATFORM: DATA, ANALYTICS, AND RESOURCES FOR YOUR RESEARCH

Precision Health’s new Analytics Platform is a suite of tools, services, and datasets available to researchers across campus—resources previously available only to Michigan Medicine faculty and other level-two password holders. The Analytics Platform provides campus-wide access to research tools such as DataDirect and services such as consultation with scientific research facilitators. Join us to learn how to access the Platform and how its tools, services, and datasets can help.

LEARN MORE:

Monday, September 30, 2019 | 3:30PM—4:30PM | Hussey Room, Michigan League
